

# MASTER OF HEALTH SCIENCE (MHSc) IN BIOETHICS

Joint Centre for Bioethics  
UNIVERSITY OF TORONTO

## Improving Health Through Bioethics

This professional degree program is designed to help students address a variety of real-world ethical challenges in health, healthcare and research. The program's interactive, problem-based learning approach emphasizes interprofessional exchange and practical experience informed by theory. The two-year, course-based program is offered in a modular format allowing high achieving professionals to earn a master's degree without interrupting their careers.

## CLASSES AT U OF T MHSc in Bioethics Program

The MHSc in Bioethics is designed to:

- Provide an interactive learning environment;
- Equip students with a solid interdisciplinary grounding in the philosophical, legal, cultural and educational aspects of bioethics;
- Expose students to the breadth of clinical, organizational, and research ethics issues facing our health system today;
- Build students' ethics awareness, ethical decision-making skills, and problem-solving abilities to become leaders in bioethics;
- Provide practical knowledge about ethics program development, ethical decision-making frameworks, research ethics review, ethics consultation, ethics policy development, and ethics education planning and delivery.

## Apply Now

The University of Toronto Joint Centre for Bioethics is recruiting now for September 2015. The deadline for applications is **March 1, 2015** for both domestic and international applicants.

### Who should apply?

- Health Practitioners
- Health Administrators or Research Ethics Administrators
